EU DSO entity - The value of being a member

GEODE members **must have a voice** within the EU DSO entity

ALL DSOs' interests and specificities have to be represented

GEODE's members principles and values – local approach – need to be reflected **within the entity decisions**

The EU DSO **entity** will be **mandated with important tasks** impacting the operation of electricity distribution grids across Europe

GEODE wants to encourage **ALL members to join** the EU DSO entity and is ready to support you

Mission: (Im)possible

The Voice of local Energy
Distributors across Europe

Thank you!
