

Hans Kreisel, CEO Nordion Energi & GEODE Chairman.

Hans has more than 20 years' experience from the energy industry with previous positions as CEO of Skellefteå Kraft Group, Managing Director at E.ON Gastransport in Germany and member of the E.ON Top Executive Group. He holds a degree in law from the University of Lund. Since 2020, Hans has been the CEO of Nordion Energi, a company that was formed with the aim to drive the transition to 100% green energy. In Sweden, he is also a Member of the Electrification Commission, an advisory body set up by the Swedish government. Since 2017 he serves as the Chairman of GEODE, a European association representing local distribution companies of gas and electricity.
